COUNTY JAIL.

Respectfully Submitted,

RUFUS CLARK, Supt., and Deputy Jailer.

Physician's Report.

The following medical report of the Alms House is respectfully submitted for the year ending May 1st, 1881.

It is well understood that the inmates of this institution are all physically or mentally ill, and, although the rate of mortality does not show an increase over the average of previous years, yet I fully believe the sanitary conditions are such as to have increased the death rate from what would have occurred under proper sanitary conditions. The drainage as well as ventilation are deplorably defective. Epidemics have only been arrested by strenuous efforts of the Superintendent and Matron, to whom we are fully indebted. As a humanitarian institution, in which the comfort and welfare of our worthy poor are to be considered, it is to be hoped our county delegation may be fully aware of the necessity of an outlay beyond the usual appropriations for this purpose.

Auditors' Certificate.

LACONIA, N. H. May 6, 1881.

We hereby certify that we have examined the accounts of the county commissioners for the past year, and find them properly cast and vouchers for all orders upon the treasurer. We find the sums stated in the vouchers and the amount paid for articles named therein, are so far as we can judge, according to the market value of the same, and that the same were used for the benefit of the county poor. There has been more than ordinary business ability displayed by the commissioners in the management and expenditures of the county funds the past year.

County Solicitor's Report.

To the Citizens of Belknap County:

You are to be congratulated, and you may well be proud of the fact, that the amount of crime in the county during the year about closing has been very small rendering the expense to the county on account of criminal prosecution very light and exhibiting an orderly, peaceable and law abiding disposition on the part of the citizens.

It has ever been my aim in my official capacity, to curtail criminal expense as much as possible and not sacrifice the interests of public justice thereby.

At the September term, 1880, twenty-two indictments were returned by the grand jury. Of these fourteen were for violation of the liquor law, four were for burglary, one each for selling mortgaged real estate, for larceny, for adultery and for bigamy.

At this term two cases were tried by the jury, one resulting in a conviction and the other in an acquittal.

All have been disposed of except one for bigamy and eleven for violation of the liquor law. The prosecution of the latter has been directed by the Attorney-General.

Pay rolls were drawn for the term amounting to $399.60.

At the March term five indictments were returned, three for forgery, and one each for burglary and larceny. One was disposed of on a plea of *nolo contendere* and sentenced.

Pay rolls were drawn amounting to $180.03.

The suit of County vs. Clark is still pending, but it is hoped that it will be brought to a speedy termination.

Four suits have been brought during the year to recover recognizances amounting to $1200 which are now pending.

For more full particularization of items and cases I would refer to the records of the county which give a complete history of all the matters with which I have been officially connected during the year.

Respectfully submitted,

C. C. ROGERS, Solicitor.
